2022 GRADUATION CELEBRATION

MAY 14 | 12:00 P.M. & 3:30 P.M. | CHARLES E. SMITH CENTER
In 1819, the Reverend Luther Rice, Obadiah B. Brown, Spencer H. Cone, and Enoch Reynolds (all Baptist ministers) set in motion the reality of a college in the District. These men raised the needed funds to purchase land in the nation’s capital, petitioned the Congress for a charter, and began organizing a college.

On February 9, 1821, President James Monroe signed the Act of Congress which created the College. By design of the Congress, a special provision was included which required that “persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, Professor, Tutor or pupil, be refused admittance, or denied any of the privileges, immunities, or advantages thereof, for or on account of his sentiments in matters of religion.”

The original seal was designed by James Peale in 1821, at the time of the founding of the Columbian College. This is the seal that the graduates are wearing today as medals. The seal features a Biblical lion lying down with a lamb and Greek text in an open book. The Greek translates to “In the beginning was the Word, and the Word was with God.”

In 1873, the name Columbian College was changed to Columbian University and the seal was changed slightly to reflect this. The Latin text around the outside was changed from “Columbiani Collegii” to “Universitatis Columbianae Sigillum.” In addition, some text was added to fill up the rest of the open book, since the Greek phrase only took up part of one page. In 1905, after the name changed to the George Washington University, the old seal was replaced by a completely new one.

The original Columbian College seal is currently on display in the Memorabilia Room of Gelman Library.
Congratulations, Graduates!

This day marks the beginning of a new and exciting journey. As a graduate of the Columbian College of Arts and Sciences, you now carry with you the skills that our university’s namesake considered essential for responsible citizenship, skills that will help you be informed and effective global citizens. I encourage you to use your studies as a foundation for contributing to your communities and making a difference in whatever field you pursue.

As students of the liberal arts, you were driven by your desire to explore new ideas, to think broadly, be creative, ask questions and tackle new challenges. You took chances, combined your academic rigor and achievement with a spirit of exploration and adventure, and enhanced your intellectual and personal growth through GW’s unique connections across the nation’s capital and around the world.

During your time here, you collaborated with world-renowned scholars; benefited from research grants that positioned you to explore exciting innovations; and had access to the world’s top research and cultural institutions—from the Library of Congress to the National Institutes of Health to the Smithsonian. You’ve also had a front-row seat to history and have experienced some truly special "only at GW" moments.

The relationships you established will provide a strong network to keep you connected with this institution and the world beyond our campus. Wherever you go, be proud to call yourself a George Washington University graduate. It is a privileged group, one that will reward you both personally and professionally.

Please know that the GW community will always be open to you, wherever and however you choose to keep in touch. I encourage you stay connected through our social media platforms and read about our continued progress—and your continued impact—in our alumni publications. When the opportunity arises, I also hope you come back to Foggy Bottom to attend an event, participate in a campus forum or visit a faculty member.

Congratulations and all my best wishes as you embark on a future of promise and unlimited possibility!

Sincerely,

Paul J. Wahlbeck
Dean

**Professor Dwight Kravitz**  
*Associate Professor of Psychological and Brain Sciences,  
Director of Cognitive Neuroscience B.S. Program*

Dwight Kravitz is an associate professor in the Department of Psychological and Brain Sciences and director of the Cognitive Neuroscience Undergraduate Program. He obtained both his undergraduate and doctoral degrees at Carnegie Mellon University, receiving his Ph.D. in 2006. Prior to joining GW in 2013, Professor Kravitz was a research fellow at the National Institute of Mental Health, where he won the Julius Axelrod Prize. His current research focuses on the cognitive neuroscience of human vision.

3:30 pm

**Professor Sarah Wagner**  
*Professor of Anthropology,  
Director of Graduate Studies, Anthropology Ph.D. Program, Health Science and Society (Science & Technology Advisor)*

Sarah Wagner is a professor of anthropology and is the author of *To Know Where He Lies: DNA Technology and the Search for Srebrenica’s Missing* (University of California Press, 2008) and co-author with Lara J. Nettelfield of *Srebrenica in the Aftermath of Genocide* (Cambridge University Press, 2014). In 2017, she was awarded a John Simon Guggenheim Fellowship and a National Endowment of the Humanities Public Scholar Award to complete her third book, *What Remains: Bringing America’s Missing Home from the Vietnam War* (Harvard University Press, 2019), which won the 2020 Victor Turner Prize for Ethnographic Writing. Her research focuses on post-conflict societies, memory, national identity, and forensic science applied in the wake of war, and, most recently, on COVID-19 death and mourning. She currently co-leads a team of student and faculty researchers with the GW Anthropology Department on a National Science Foundation-funded study examining pandemic commemoration in an era of misinformation. In addition to her scholarly publications, she has written opinion editorials and blog posts for the *Washington Post, The Hill, Baltimore Sun,* and *LA Times.* Professor Wagner holds degrees from Dartmouth College (A.B), the Fletcher School of Law and Diplomacy at Tufts University (M.A.L.D.), and Harvard University (Ph.D.).
12:00 pm

Darius Cozart

*B.A. in Political Science ’22
2022 Distinguished Scholar

Darius Cozart is a graduating political science major. As an undergraduate, he participated in community organizing focused on racial and economic inequality around campus, as well as in the Washington, D.C., area, and throughout his hometown of Denver, Colorado. Broadly, his research aims to explore currents of racial unfreedom and anti-democratic development within American political systems through the lens of policing and incarceration. His future work hopes to connect legacies of Black enslavement and U.S. apartheid with the contemporary politics of state punishment. Recent projects include an independent study evaluating the effects of heightened police expenditures on the lethality of policing for Black people and a coauthored, survey-based piece exploring differential perceptions of police funding between races. Upon graduating, Darius will pursue his Ph.D. in political science at Princeton University.

*Distinguished Scholar Honorable Mention: Bishop Walton, B.A. in Political Science ’22

3:30 pm

Philip Parel

*B.S. in Biology; B.S. in Chemistry ’22
2022 Distinguished Scholar

Philip Parel from Palm Beach, Florida, was a GW Presidential Academic Scholar, a Phi Beta Kappa inductee, and a double-major in Chemistry and Biology with a concentration in Cellular and Molecular Biology. As an undergraduate student, Philip studied under the guidance of Professor Nehal Mehta, who took Philip under his wing and taught him how to research, analyze PET-CT scans, and mentored him at the National Institutes of Health.

Philip is always the first to support his peers and willingly volunteers his time to help classmates who are struggling with course material. He is also an avid volunteer, spending his time serving breakfast at the local homeless shelter, Miriam’s Kitchen, and tutoring his peers as an Undergraduate Teaching Assistant with Professors Martín Zysmilich and Chris Cahill.

In the fall, Philip will be matriculating to the GW School of Medicine and Health Sciences, where he plans to earn his M.D. degree and pursue his dream to become an orthopedic surgeon, serving the underprivileged and giving back to the many communities and people who raised him.

*Distinguished Scholars were chosen by the CCAS Faculty Undergraduate Studies Committee.

ROBERT W. KENNY PRIZE FOR INNOVATION IN TEACHING OF INTRODUCTORY COURSES

The Robert W. Kenny Prize for Innovation in Teaching of Introductory Courses is awarded annually to a faculty member in the Columbian College of Arts and Sciences who has shown innovation, creativity, and originality in teaching an introductory course in the Arts and Sciences. The recipient, who is among the most talented of our teachers, teaches an introductory or basic course during the academic year in a novel and innovative way. Professors receiving this award have encouraged their students to think differently, allowing them to take advantage of their academic experience at the George Washington University. The Kenny Prize honors former Dean Robert Kenny and his special dedication to stimulating experiences for GW students and his emphasis on the importance of introductory courses as students undertake their studies in the liberal arts and sciences.

Professor Phillip Troutman
Assistant Professor of Writing and of History,
Director of Writing in the Disciplines

Phillip Troutman is an assistant professor of writing and of history and the director of the Writing in the Disciplines (WID) program. He teaches first-year courses on research writing and upper-division courses on the history of race and slavery. His first-year students delve into primary sources in GW’s archive and write analytical essays on their discoveries, telling once-unknown stories about GW students’ activism over time: from the 1910s suffragist movement, to 1930s anti-fascist peace marches, 1960s anti-war and civil rights protests, and the 1980s-90s culture wars. These first-year students produced most of the material for GW’s bicentennial exhibit, “200 Years of Student Stories,” which Professor Troutman co-curated with the GW Museum. His own research—for a book project entitled ‘Incendiary Pictures’: The Radical Visual Rhetoric of Abolition—has been supported by a 2018 National Endowment for the Humanities Summer Stipend and a 2018-19 Smithsonian Senior Fellowship at the Smithsonian American Art Museum and the National Museum of American History. He is a 2021-22 GW Humanities Center fellow with an article-length project, “The Columbian College Riot of 1847: Slavery at Early GW.”

Professor Sara Matthiesen
Assistant Professor of History and of Women’s, Gender, and Sexuality Studies

Sara Matthiesen (she/her/hers) is an assistant professor of history and women’s, gender, and sexuality studies. Her new book, Reproduction Reconceived: Family Making and the Limits of Choice after Roe v. Wade (University of California Press, 2021), traces how incarceration, disease, poverty, for-profit medical care and state neglect forced those living in the United States to work much harder to have and maintain family in the decades following the legalization of abortion. Professor Matthiesen is currently at work on a second project that traces the persistence of “self-managed” or home abortion practices after Roe. Her academic work has been published in Signs: Journal of Women in Culture and Society and Feminist Review. Her popular writing can be found in The Nation, The Chronicle of Higher Ed, Spectre Journal, Inside Higher Ed, and Jacobin.

Honorable Mention: Xiaoke Zhang, Assistant Professor of Statistics
THE COLUMBIAN PRIZE FOR TEACHING AND MENTORING ADVANCED UNDERGRADUATE STUDENTS

The Columbian Prize for Teaching and Mentoring Advanced Undergraduate Students is awarded to a regular, full-time faculty member in the Columbian College of Arts and Sciences who demonstrates excellence in the teaching and mentoring of advanced undergraduate students. With this prize, we recognize exceptional achievement in one or more of the following areas of work: teaching an advanced undergraduate course, advising students, directing undergraduate research, designing a capstone experience, or mentoring students who achieve departmental honors and other distinctions.

Professor Randi Gray Kristensen
Assistant Professor of the University Writing Program, Deputy Director of Writing in the Disciplines

Randi Gray Kristensen is an assistant professor in the University Writing Program and Deputy Director of the Writing in the Disciplines (WID) program. She has been teaching at GW since 2000. An affiliate faculty member in the Africana Studies program, she has regularly taught the Introduction to Africana Studies course.

Professor Kristensen’s publications and research reflect the range of her commitments to writing research and creative writing, from a foundation in Africana Studies. She holds the Ph.D. in English and the MFA in fiction from Louisiana State University. In Writing Studies, she co-edited and contributed to Writing Against the Curriculum: Anti-disciplinarity in the Writing and Cultural Studies Classroom. In Africana Studies, she has published on Black women writers, Maroon cultures, and emerging Caribbean writers. Her creative work—poetry, fiction and memoir—appears in Creation Fire: A CAFRA Anthology of Caribbean Women’s Poetry; Caribbean Erotic: Poetry, Prose, Essays; Electric Grace: More Writing by Washington Area Women Writers, Under Her Skin: How Girls Experience Race in America; A River of Stories, a publication of the Commonwealth Trust, and more.

Her current book project examines how inequalities created by neoliberal policies spur humanitarian efforts that reproduce the social and economic relations whose problems they are intended to solve. This work has been supported by an NEH Summer Institute Fellowship, a fellowship at the Institute for Advanced Study at Indiana University and a GW Humanities Center Fellowship. She is also a GW Faculty in Residence and Faculty Mentor to Posse 5, and is deeply grateful to the great many students who have so generously shared this journey with her.

THE LUTHER RICE UNDERGRADUATE RESEARCH FELLOWSHIPS

Established by the Dean of the Columbian College in 2003, the Luther Rice Undergraduate Research Fellowships are designed to encourage and support research projects initiated by undergraduate students and performed under the mentorship of faculty sponsors. Luther Rice, one of four founders of the original Columbian College, which grew to become the George Washington University, was known for his tenacity of spirit and integrity of intellect. In this spirit, the Luther Rice Undergraduate Research Fellowships are intended to support critical inquiry and intellectual honesty through practical support of student research.

OFFICE OF THE VICE PRESIDENT FOR RESEARCH AND THE OFFICE OF THE PROVOST - GW UNDERGRADUATE RESEARCH AWARD
The Undergraduate Research Award, sponsored by the Office of the Vice President for Research (OVPR) and the Office of the Provost, seeks to promote discovery and inquiry-based education during the undergraduate experience at GW. The Undergraduate Research Award offers support for undergraduate student-initiated research carried out in collaboration with, and under the guidance of, at least one faculty member. Students who are awarded this research award have undertaken a significant, focused examination of an idea or an area of inquiry, which has resulted in work that could merit presentation or publication in a scholarly venue.

2021-22 Undergraduate Research Awardee:
Rose Cheney

UNDERGRADUATE STUDIES AWARD
The CCAS Office of Undergraduate Studies has launched its inaugural annual prize to an outstanding graduating undergraduate student. This award recognizes innovation and leadership in community service and/or activism and academic performance.

2021-22 Undergraduate Research Awardees:

EMERITUS FACULTY 2022
The faculty code provides that a member of the faculty with long and distinguished service to the university may, upon retirement, be awarded emeritus status. While these words convey both the criteria and process for awarding this academic rank, they fail to connect fully with the countless students whose lives have been enriched by these colleagues, the contributions each has made to the discipline, or the service each has rendered to this college.

Dear Graduate:

On behalf of the Columbian College National Council for the Arts and Sciences, I offer my congratulations on your significant achievement and welcome you to the George Washington University alumni community. Do not overlook the greatness of this accomplishment.

As an alumnus of this historic institution, I fully appreciate the excitement of this very special moment in your lives and remember that feeling well. You are now a member of a select group of individuals, bonded by a college for which you will forever be proudly associated. I encourage you to remain involved and, more importantly, engaged with the University as you enter this next phase of your life. Your opportunities to make a difference are endless—from becoming an active member of the Alumni Association organizing regional and local alumni events, to mentoring a student, offering services as a career advisor or being a guest lecturer, and providing philanthropic support. Each of these types of engagement offer unique and wonderful opportunities to continue showing your pride in the University and passing down some of that GW spirit for generations of students to come.

My work as a volunteer on the National Council—which is comprised of alumni, parents, and friends who advise the Dean of the Columbian College—has been an incredibly rewarding experience for me. I hope you find similar avenues of engagement and have an impactful role in advancing GW’s promise and potential.

Finally, it is not lost on anyone that your time here has required a high level of personal dedication and financial commitment. We are grateful for your investment and hopeful that your degree will lay the groundwork for future success in whatever career you choose.

Again, congratulations! It is both an honor and a pleasure to welcome you as a graduate of the Columbian College of Arts and Sciences, and I hope to see you at a GW event soon.

Raise High!

Jason B. Blank, Esq., B.A. ’02
Chair, CCAS National Council for the Arts and Sciences

Hail alma mater, to thy spirit guiding.
Knowledge thy closest friend in its strength bidding.
Pledge we fidelity ne'er its place resigning.
Hail thee George Washington.
